Harpreet Singh   (647)-388-1801

Harpreet.0098@gmail.com

HIGHLIGHTS

- 1-year of professional experience in designing and developing dynamic web pages using HTML\HTML5, CSS\CSS3 and JavaScript.
- Familiar working with backend technologies such as PHP and SQL.
- Acquired proficiency in developing responsive web pages using media queries and twitter bootstrap while working for 3Kits technologies.
- Working knowledge of JavaScript frameworks such as AngularJS and jQuery.
- 4-years of combined experience in C, C++ programming language.

SKILLS

Development Language: -HTML/HTML5, CSS/CSS3, JavaScript.
Programming Language: -C, C++.
Backend Technologies: -PHP, SQL.
Frameworks: -Bootstrap, jQuery, AngularJS.
Web Services: -AJAX, JSON, SEO, DOM, Sass/Less, Gulp/Grunt.
Content Management: -Wordpress, Git, SVN.
Designing: -Adobe creative suite.

WORK EXPERIENCE

RMA Technologies - Cambridge, ON
Software Developer (Contract)   **October - November 2016**

Developed application projects for clients using C, C++ and several bug fixes in existing code.

- Worked efficiently with developers team to ensure software solutions elevated clients experience.
- Continuously implemented clear operational specifications and formulated software requirement.

PALETTE GEAR - Kitchener, ON
Software Developer Co-op   **September - December 2015**

Developed firmware code in C, C++ for company's next-generation devices and enhanced front end web application using HTML, CSS, jQuery and Bootstrap.

- Evaluate interface between hardware and software.
- Collaborated closely with other team members to plan, design and develop robust solutions.

➢ Introduced methodologies and best practices that enhanced product definition, release processes and customization of applications.
➢ Acquired in-depth knowledge of source/version control using Git and SVN.

PALETTE GEAR - Kitchener, ON
Capstone Project Student   **January - April 2016**

Designed and programmed next generation modules using Atmel AVR microcontroller which interfaces with the existing Palette device in C, C++.
➢ Collaborated with two team members to plan, design and develop a project in most efficient manner.

3Kits Technologies - Hyderabad, India
Front End Developer   **January - November 2014**

Developed fully functional responsive prototypes based on business requirements using HTML\HTML5,CSS\CSS3,bootstrap,JavaScript,AngularJS and jQuery.

➢ Worked with designers cutting up layouts to implement pixel perfect pages.
➢ Tested code in multiple browsers to ensure cross-browser compatibility.
➢ Consulted and documented UI best practices and code standards.
➢ Leveraged responsive web frameworks such as bootstrap to consistently complete product deliverables ahead of schedule.
➢ Used Sass as CSS preprocessor, Git for version control and Gulp as a task runner.
➢ Participated in projects in all stages of the product lifecycle.

Education

Post Grad Electrical and Computer Engineering   **2015-2016**
Conestoga College, Kitchener, Ontario
Dean's Honors list with distinction

Bachelor of Technology(B. Tech)   **2010-2014**
Electrical and Computer Engineering,
Jawaharlal Nehru Technological University, Hyderabad, India.
First class with distinction
